

# TAG HEUER AQUARACER

PROFESSIONAL 200

**A PROFESSIONAL SPORTS WATCH OF TIMELESS STYLE,  
RELIABLE IN ALL CONDITIONS**

TAG Heuer returns to the reborn Aquaracer Professional Series with the Aquaracer Professional 200, a bold, stylish, all-terrain luxury tool watch that continues the rich legacy of the historic Swiss Manufacture's high-functioning sports watch, which began four decades ago.

# KEY FEATURES

## CASE

---

The Aquaracer Professional 200 adopts more classic sportswatch codes with straight-edged, trapezoidal hour markers, sleeker word-shaped hands, and crisp white detailing.

## DIAL

---

Automatics are distinguished by their fumé gradient dials, date windows, and more detailed minute tracks. The quartz models have no date and a pared-back look by comparison, while otherwise retaining the same aesthetic and technical characteristics.

## CASEBACK

---

The Aquaracer Professional 200 references are watches designed to capture the go-anywhere spirit of exploration. The watch's reverse is engraved with a compass, replacing the scaphander diving helmet that has featured on Aquaracer casebacks since 2002.

## BRACELET

---

As well as being highly flexible and durable, the Aquaracer Professional 200's bracelet comes with a comfort link with a 7mm extension that can be adjusted quickly using a beautifully engineered push-down-and-pull release mechanism.

## SUPER-LUMINOVA®

---

For dial legibility, the hour markers and hands are still coated with Super-LumiNova®, but to create a more sartorial look, no luminescent material has been applied to the bezel.

# SPECIFICATIONS
