

PORSCHE

**TAG HEUER CARRERA**

PORSCHE LIMITED EDITION

## THE STORY CONTINUES

Born from an iconic partnership between two Maisons, the TAG Heuer Carrera Porsche Limited Edition embodies innovation, prestige, and striking luxury. With its daring look, the distinctive shiny black dial draws inspiration from Porsche's distinctive bodywork.

# KEY FEATURES

## CASE

---

True to its racing DNA, the case is powered by our in-house manufacture Heuer 02 automatic movement, with an unstoppable 80 hours power reserve. The yellow colour is incorporated in various elements of this creation, which is inspired by Porsche's racing yellow PANTONE, reserved by the manufacturer for the sportiest of its vehicles.

## DIAL

---

The black dial has a texture inspired by the metallic bodywork of cars with a slightly glittery effect. Porsche's racing yellow PANTONE is present in small touches on the bezel, the dial and on the second hand.

## CASEBACK

---

Showing confident urban looks, the 44mm black DLC steel case features the famous Porsche-inspired steering wheel-shaped oscillating mass, visible through the sapphire case back. Produced as a limited edition, this timepiece is engraved with the mention One of 1 500.

## BRACELET

---

Tributing the Porsche interior, the timepiece features a textured calf leather strap with bold yellow stitching, with a black DLC steel folding clasp matching the case.

## SUPER-LUMINOVA®

---

The yellow colour is also present in the luminescence of the Super-LumiNova®, which lights yellow in the dark.

Ambassador of TAG Heuer and Porsche, Patrick Dempsey is an actor and an accomplished race car driver, always ready to take on a challenge.
