

# TAG HEUER CARRERA

RED DIAL  
LIMITED EDITION

## BUILT FOR BOLDNESS

With a fiery red look, TAG Heuer breathes new energy into the heritage-inspired line of its most elegant chronograph, the TAG Heuer Carrera.

# KEY FEATURES

---

## CASE

---

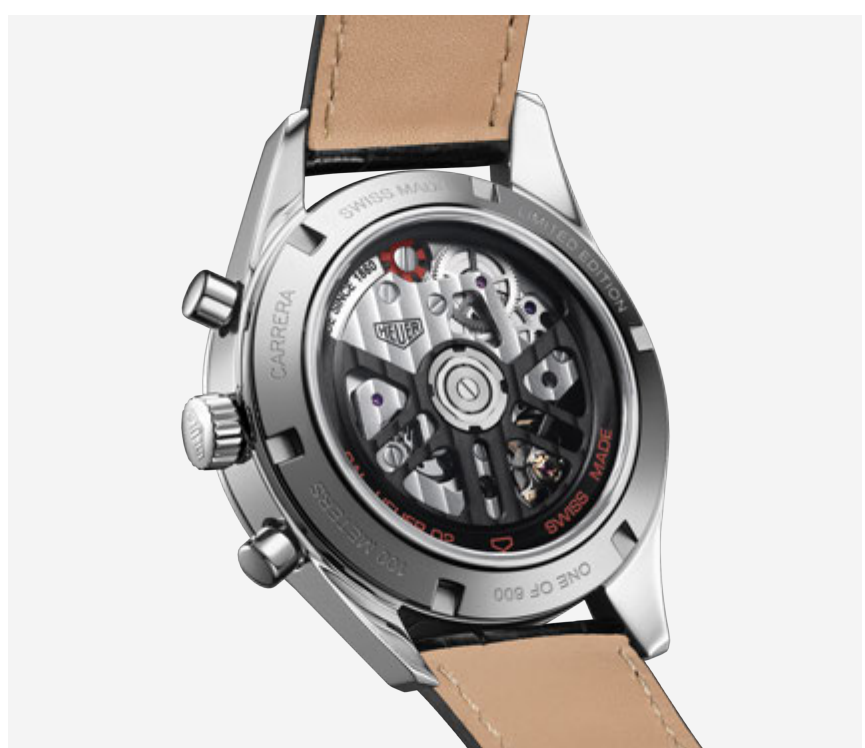

This timepiece draws from the same pure, understated, and legible aesthetic that first made the Heuer Carrera a favorite among demanding racing pilots on and off the track. The silhouette of the original Heuer Carrera reference 2447 is retained including the signature lugs and pushers, now scaled up to a contemporary 39-mm.

## DIAL

---

The face is sunray brushed while the three chronograph counters - hours, minutes and permanent second indicator - are snailed, bringing a subtle contrast and mesmerizing play of light to the wrist. The dial naturally sports the emblematic Heuer logo and Carrera name.

## CASEBACK

---

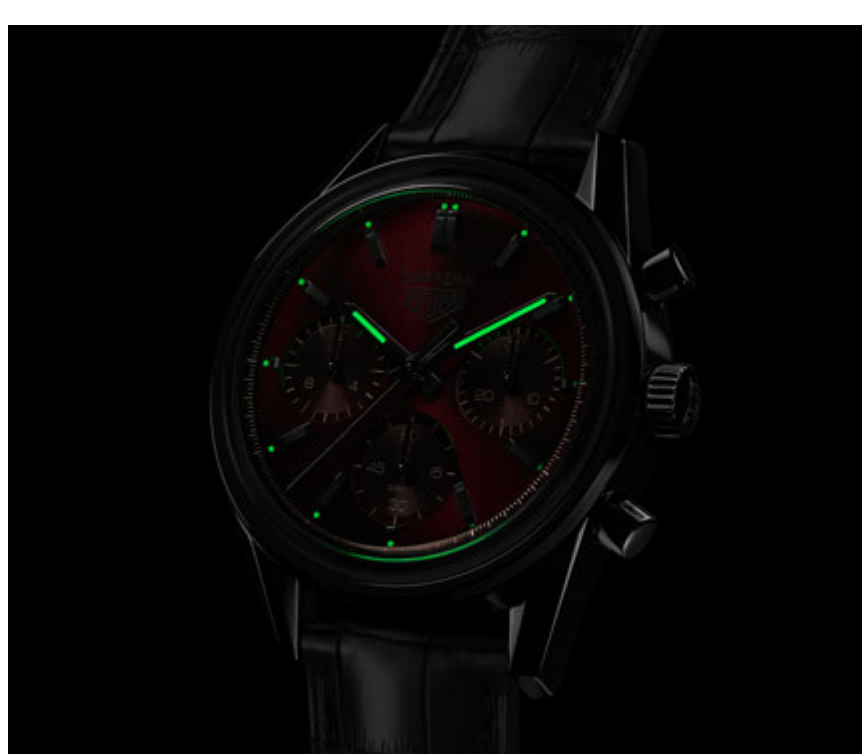

The in-house high-precision movement, the Calibre Heuer 02, has an outstanding power reserve of 80 hours. Personalized touches of red on the column wheel and oscillating mass engravings can be observed through the sapphire crystal case back. The mentions "Limited Edition" and "ONE OF 600" are engraved on the caseback

## BRACELET

---

This timepiece is presented on a black alligator strap with a steel folding clasp.

## SUPER-LUMINOVA®

---

The indexes and hours and minutes hands are faceted, rhodium-plated and coated with Super-LumiNova® for optimal readability.
