

TAG HEUER CARRERA
CHRONOGRAPH

A NEW TIMELESS CLASSIC

With a signature blue or black dial and sporty gradient orange detailing, the next generation of racing-inspired TAG Heuer Carrera chronographs accelerates a story six decades in the making.

KEY FEATURES

CASE

The TAG Heuer Carrera Chronograph continues a story begun 60 years ago by perpetuating a classic form: a simple round case, fluid integrated lugs, and ergonomic chronograph pump pushers at 2 and 4 o'clock.

DIAL

The distinction is in the dial: there's a choice of blue or black, both decorated with vivid orange detailing that recalls classic race car speedometers. It creates a colorful crescendo and provides the watch with a visual soundtrack that mimics the sound of a race car building up speed.

MOVEMENT

The new models are powered by TAG Heuer's in-house automatic chronograph Heuer 02 movement.

BRACELET

Both models come on high-quality calfskin leather straps in either blue or black to match the dial. These straps are fitted with a stainless-steel folding clasp.

SUPER-LUMINOVA®

Rhodium-plated faceted hour and minute hands with green Super-LumiNova® for optimum readability.

KEY FEATURES

REFERENCE
CBN201C.FC6542

MOVEMENT

Calibre Heuer 02 Automatic

SIZE
