

TAG HEUER CONNECTED

CALIBRE E4 - 45 MM

The TAG Heuer Connected Calibre E4 in green epitomizes the brand's commitment to blending tradition with technology, offering a connected watch that is not only ideal for sports but also increasingly elegant and wearable for everyday life.

KEY FEATURES

DESIGN

The TAG Heuer Connected Watch features a robust steel case in a 45 mm size. What sets this watch apart is the striking green ceramic polished bezel, perfectly complemented by a matching green rubber strap. TAG Heuer has expertly blended these elements to create a harmonious and visually captivating ensemble.

WATCH FACES

For this watch, TAG Heuer offers three distinct watch faces, named Mirage, Prism, and Chromatic. These watch faces have been meticulously adorned with the different hues of green that mirror the bezel, offering a touch of animation without compromising on elegance.

WELLNESS APP

With the TAG Heuer Wellness app, the smart timepiece delves into the realms of wellness and performance, offering users a comprehensive overview of health metrics by monitoring live heart rate, daily step goals and burned calories.

SPORTS APP

The watch also seamlessly integrates with an active lifestyle using the TAG Heuer Sports app. From running and cycling to walking, swimming and various activities, the watch ensures precise sports tracking. It even includes the seven-minute workout with guided coaching directly on the watch.

GOLF APP

And, of course, Golf aficionados can fully immerse themselves in the course with TAG Heuer Golf. The watch autonomously tracks shots from tee to green, intelligently refining club statistics over time. This allows players to focus solely on their shot, embracing the pure spirit of golf.
