

TAG HEUER MONACO

GULF SPECIAL EDITION

REBELLIOUS AND READY TO DEFY

This legendary special edition TAG Heuer Monaco is fiercely adorned with the Gulf brand's charismatic livery. True to its maverick history, its blue sunray brush dial shows iconic thin Gulf stripes and logo at 6 o'clock.

KEY FEATURES

CASE

A timepiece for true connoisseurs, powered by the manufacture Calibre Heuer 02. Like the original, a domed, bevelled sapphire crystal protects the dial. A 39mm steel case with clear caseback guarantees 100-meter water resistance.

DIAL

To emphasize the elegance of the watch, the opaline and circular brushed dial brings to the watch an interesting esthetic duality. The 12-time index is replaced by the number "60" as a nod to the race number on the hoods of the Porsche Gulf racing cars.

CASEBACK

On the back of the TAG Heuer Monaco Gulf Special Edition, the TAG Heuer designers worked on a personalized version of the oscillating mass and column wheel with a special engraving colored with the Gulf orange pantone.

BRACELET

A perforated blue calf skin strap matches the mythical blue dial. The steel folding clasp boasts double safety push buttons and the TAG Heuer shield.

SUPER-LUMINOVA®

Super-Luminova® filled hands and applied indexes make for rebellious time telling.
